Witness Statement of Craig Turner

I, **Craig Turner**, will say as follows:

1. I make this further statement in relation to Operation Ankaa to address a number of questions asked by the Inquiry Legal Team.

Intelligence regarding named subjects and firearms

2. On 11 November 2015 at 11:39, I was sent a schedule setting out a series of violent incidents between 2009 and 2012 between the EREN and ARMAGAN families. This was supplied by DI Rob Murray, the SIO in Operation Ankaa, and highlighted various violent incidents between the Tottenham Turks/Tottenham Boys and the Hackney Turks/Bombacilar, where firearms were used (email at Relativity reference IPC0001099).
3. On 7 December 2015 at 19:46, DCI Neil Williams sent a number of intelligence profiles of subjects believed to be involved in this investigation. These profiles were sent to me, the Tactical Advisor S48, and the TFCs involved in Operation Ankaa. These profiles contained information and intelligence of the subjects' criminality and their involvement in firearms and violence (email at Relativity reference IPC0001114).
4. I did not receive any further intelligence relating to firearms relating to the named subjects apart from the information presented to me in these documents.
5. As SFC and in accordance with my role, I was not aware of the exact intelligence picture given to officers on 8 and 11 December during any recorded briefing.
6. As the SFC on Operation Ankaa I was unaware if SCO19 officers knew of any previous intelligence or operations involving Ozcan Eren.
