Subject: Agreement following Meetings re Police Operation

Pete,

Following on from our meetings regarding this proposed operation at HMP Wormwood Scrubs on 13th Nov 15 and earlier today.

I can confirm the following:

The proactive police operation will take place on Friday 11th December 2015 and will involve the following assets and support to minimise risk to all persons involved.

- Covert armed surveillance with additional covert armed support will be in place for the Prison Van which will carry the 2 prisoners. Additional "uniform" armed support will also be arranged.
- Covert armed surveillance with additional covert armed support will be in place for the known suspect vehicle.
- Once sufficiency of evidence has been gathered on the suspects - officers will stop the known suspect vehicle and effect the arrest of those suspects involved.
- Should police lose surveillance control of the known suspect vehicle - the operation will move to an overt phase and police will provide overt armed support to the Prison Van to AND from the court.

The key element of the police operation is that the known suspect vehicle will never be allowed to reach the Prison Van. Thereby removing the risk to all parties in the Prison Van and reducing the risk to the suspects themselves.

Thanks for your support in progressing this operation.

If you have any further questions - please give me a ring.

Rob
