INFORMATION / INTELLIGENCE

Therefore this is an application for an armed surveillance operation to be conducted by officers from SCO35 armed for self protection supported by covert SFO officers providing Mobile Armed Support To Surveillance (MAST).

Two separate deployments will be conducted.

A : The Audi A6 KM13YPT

B: The Serco van (TBC) transporting Izzet EREN and GYAMPFI to court.

Authority is also sought for the deployment of overt ARVs as a contingency for the Serco van, should there be insufficient control of the subjects planning this offence and for a limited number of covert armed officers to be at Wood Green Court as a further contingency when Izzet EREN is there.

Unarmed surveillance will also be conducted on Ozcan EREN, should he be controlling matters from a distance. It is unknown whether he will be in the actual team on the day.

Command Structure:

SFC: DSU Craig Turner

TFC Central 3000 Control:

Tfc Audi : DI Keely Smith

Tfc Serco Van : DI Andy Whitewood.

Tac Adv:

SIO DI Rob Murray

Case Officer DC Gary Kinch

Updated
10.12.15

There have been no intelligence updates since 7.12.15. to indicate any change in the intentions of the conspirators. The identities of the team recruited for this task remains unknown.

Authority was granted on 10.12.15 by Lord Justice Peter Gross, the Senior Presiding Judge for the deployments of both overt and covert armed officers at Wood Green Crown Court.

11.12.15.

5:10 Briefing Avon Rd patrol base - drawings given. Concludes 5:30 am.

6:20 am update, movement on mission vehicle (VI) - Avon is away → Wood Green.

I have read the overarching strategy from the J.F.C. and agree with the rationale of principal J.F.C. cell cell windows. I have however applied the J.O.M. and reviewed the intelligence available at this time. I will continue to do so with a view to the best possible outcome for this investigation / operation i.e. the reduction / removal of the risk posed by the subjects of this investigation. This is the principal concern of the operation and implies the need to obtain best evidence to support any prosecution, which is secondary to O.P.P. update. More than one subject in VI.

update from within VI - Avon in preparation of offence.

Discussion with G.F.C. re tactical / command control should have been reached w. G.F.C. Further discussion re S.I.O. intervention should Avon approach w. J. Pritter Hubel suggests at next on mt. Concern at threat of committing offence. Further suggests Avon will be burnt out post offence.

7:15 a.m. Van will be Van 5. At this time subject, co. det + 1 other are one on the van. Only 1 stop planner at this time. This may be subject to change.
