Subject: Op Ankaa 10th /11th December

Hi Tasking, ([FE10] Tony, Darren, Bill, FYI)

I have had a chat with Gary Kinch today around Op Ankaa for Friday the 11th. Firstly can the shared point be changed please as it shows the ops name as Utara.

The plan is that both armed teams (T6/12) will brief along with Tony Blake from the unarmed team (T7) and the SFOs, operational team etc on Thursday at 3pm. The current plan is that this briefing will be at NSY in the 5th Floor auditorium. (This may be changed to Hendon - but we await an update from Gary).

This will be the overarching briefing and allow the 2 armed teams to be present en-masse. I may still want T7 to attend, but will confirm that later in the week subject to what else is going on.

This will mean that all armed teams are fully briefed and Tony, who will be fully sighted on the operational plan. On the Friday they will all have separate briefings at the right geographical location for their tasking.

Can team 6 and 12 be changed to 9 til 5 for Thursday and shown tasked to Op Ankaa so that they can attend the briefing and ensure that they are prepared for Friday. I have tried calling [FE10] and will speak to Darren tomorrow - as he is rest day today to chat through this with them. [FE10] Darren, can you call me at your convenience please.

There are still a few days to go, so this may change but my priority is to get both armed teams fully briefed on Thursday and if possible to do the same for T7, but I am conscious that we are already taking 2 teams off the road and therefore want to make sure that we have operational resilience to deal with whatever is thrown at us on Thursday.

Regards Chris
