937a I have been informed this & speaker has resulted in a fatality which will require a Post-Mortem process. At this stage I am not aware of any direct involvement in the decision to use force by SCORPS officers. Team 6 were in control of the MV prior to the strike, and were performing that function & providing surveillance control of the Audi AT GM15 JHT prior to state order & strike being called. I have checked with the Surv assets for team 6 whether there was any connectivity from the T6 units that may have contributed
