General Update Strategy Meeting Strategy meeting conducted at Sensitive This was expected to be a strategy meeting to discuss intrusive deployments including into the Subject vehicle but it became apparent that a tracking request was appropriate and this was dealt with within the existing strat. Subject vehicle is a LOS by means of a burglary in Notting Hill in August and the vehicle is currently on false plates. The LOS vehicle has not been shown as such on the PNC and the loser has yet to be paid out by the insurance company. The vehicle was located last Thursday 05/11 in a small car park in Eastern Road, Wood Green. It has the appearance of not having moved for some time and it has not moved since it was		5.00		<input type="checkbox"/>	<input type="checkbox"/>

located. Intelligence indicates that on 11/12 it will used in an armed attempt to free the Subject from a prison van carrying him from HMP Wormwood Scrubs to Wood Green CC. The Applicants state that they have no intelligence linking any of their Subjects to the car park concerned, the nearest known Subject being the Mother of the Subject who lives 1/2 mile away. They believe that the vehicle will not move until the day of the offence.

They anticipate an armed operation to counter the intended criminality and request live location data and geofencing to assist in managing the risk.

They are aware of the support required for a Duty Team deployment and [EG55] and [Name Redacted] are currently in the process of deploying a camera to cover the car park.

Recovery would be by means of arrest or recovery of a LOS.

I believe that a [Sensitive] and [Sensitive] are appropriate in the circumstances.
